Rescue Squad Among 2-Way Radio Pioneers

Equipment Valued at \$500 Is Installed in Antioch Rescue Truck

Expected to heighten the efficiency of the Antioch rescue squad under many different conditions is the installation of a two-way transmitting and receiving radio system in the rescue truck.

Valued at about \$500, the two-way radio was installed in the truck by James McMillen, rescue squad and fire department member who also holds a third class operator's license, and Earl Anderson, radio expert, with Earl Yates acting in an advisory capacity. It was built in Antioch, at the Electrical Reproduction company, and is a duplicate of those the company has installed for police and sheriff's departments, with minor special adaptations for rescue truck use.

Federal License

It will be operated under federal license, as a unit of the Lake County sheriff's department broadcasting system.

It is expected to be especially valuable in such instances as those in which the rescue squad wishes to summon a doctor to the scene of an accident; those in which it is necessary to reach the rescue truck when it is out on a call, and others in which the rescue truck is doing "patrol" work, as during holidays, or when it is desired to summon sheriff's deputies to the scene of a fire or accident.

In tests of the equipment made in co-operation with the sheriff's department, the newly installed two-way radio has been found to be "adequate" in performance, and various improvements to further perfect its performance are being made.

The members of the rescue squad are studying for governmental examinations for radio operator's licenses. The rescue truck accompanies the Antioch fire department to all fires, and also "stands by" to give first aid at large gatherings.

First in Illinois

The Antioch rescue truck is one of the few in which this equipment has so far been installed, and since it accompanies the firemen on all calls, the Antioch fire department is believed to be the first in the state to have this up-to-date feature.

Installation of the equipment was made possible through the generosity of McMillen, who donated materials used in its construction, and of McMillen, Anderson and Yates for their donations of time, labor and expert electrical and engineering experience.

Testimonials as to the value of radio equipment are presented in an issue of the Prairie Farmer magazine for March 8, telling of the DuPage county ambulance, operated in conjunction with the sheriff's department.

PORTABLE RADIO TRANSMISSION SET BEING DEVELOPED

Development of an extremely compact, light-weight, portable radio field set for police and fire departments and military use is the project on which the Electrical Reproduction company of Antioch is working.

The portable receiving and sending set will make it possible for field units to take equipment into locations where a car could not be driven and communicate with a central station, using the car, equipped with the regular automobile simultaneous sending and receiving set developed by the company, as a relay station.

The operation of the "relay" would be completely automatic, and it would not be necessary to have an attendant at the car.

It is hoped, according to Earl Yates, president of the company, to have the portable set made so compact that it would be no larger than an ordinary cigar box, and so light that it would weigh around eight pounds.

New Devices

Two new devices are an electric razor that operates on a pocket-size dry battery and a machine that separates good seeds from bad ones.

Construct Apartments Over Powles Building

Expected to help somewhat in relieving the lack of housing facilities in Antioch will be the two apartments which are being constructed over the Powles Meat market and Electrical Reproduction company, in the Frank Powles building on Lake street.

The upper part of the structure is being remodeled, so as to allow for a second story. The work will be completed by June 1, Mr. Powles believes. In addition to a shortage of housing which has existed in the village for some time, the anticipated influx of workers for the Picard plant, which is transferring its Chicago branch to Antioch, is expected to aggravate conditions. Many of the workers will probably be obliged to make use of summer cottages for their temporary homes.

High School Boxing Tourney to Open Monday

Bouts Are Also Planned for Wednesday, with Finals Friday

Preparations for the sixth annual boxing tournament at the Antioch Township High school are in full swing this week at the high school gymnasium.

The boxing ring has been set up and the boys are working out to get into shape for the three days of boxing that will take place Monday, Mar. 17, Wednesday, March 19, and the finals on Friday, March 21. All bouts will start at 7:30 p. m.

Bag punching, shadow boxing, sparring and other training stunts keep the gym alive with action.

There will be 12 or more three-round bouts each night, ranging from 100 pound class up to the 180 pound class.

Monday Night's Card

1. 110-lb. class—Leonard Roblin vs. Tom Derler.
2. 120-lb. class—Wm. Lubkeman vs. Tom Brett.
3. 120-lb. class—Robert Ellis vs. Walter Elfering.
4. 130-lb. class—E. Hartnell vs. Wayne Drom.
5. 140-lb. class—Howard Atwood vs. Donald Freund.
6. 140-lb. class—Dean Weber vs. John Krelbauch.
7. 150-lb. class—Earl Brixen vs. Allen DeBaets.
8. 150-lb. class—Milton Smith vs. Gerald Marrs.
9. 160-lb. class—Ed. Jones vs. Max Wurzbach.
10. 160-lb. class—Jack White vs. Ed. Dunford.
11. 140-lb. class—Norman Edwards vs. Bob Freund.
12. Arthur Hawkins vs. Tony Punchinelli.

Other boxers such as James Roepack, George Sterbenz, Bill Murphy, Fred Hawkins, Elmer Hawkins, Bill Johnson, Bill Phillips, Frank Petty, Bill Petty, Fred Hoekstra, Ralph Gussarson, Leo Buditta, Charles Moran, Earl Talley, Jerry Hogan, Lyod Miller, Bert Jordan, Art Carpenter, Jim Jones, James Atwood, Herman Hess, Henry Lubkeman, Leo Kiesler, Charles Zender, Ray Horan, Jack Message, Jim Harvey, Bill Elfering are all in the pink of condition ready to be matched for additional bouts on Monday night or Wednesday. The finals will carry over some of these boys to Friday night.

Several from Lakes Area Get Citizenship Papers

Among the 173 residents of Lake county who were granted final citizenship papers by Judge Ralph J. Dady, Thursday and Friday in Waukegan, were the following:

Adalhard Liselotte, Round Lake; Fannie Augustine, Gurnee; Martin Olsen, Ingleside; John Walsh, Mundelein; Frances Mary Ryan, Thomas Francis Ryan, Wadsworth; Rudolph Lutz, Prairie View; Sven Liljekvist, John Dahl, Joel Liljekvist, Martha Stenberk, Ingleside; Walter Henry Solomon, Charles Gotfried Holmes, Herman August Radtke, Olaf Hoegh Smith, Antioch.

Camp Lake P. T. A. Plans Home Talent Show

An enjoyable evening packed with fine acts is in store for those who will attend the home talent show to be presented under the sponsorship of the Camp Lake Parent-Teachers association at the Wilmet High school gymnasium on Saturday, March 22, at 8:00 p. m.

The amateur show which will be staged for the most part by local talent will be interspersed by several acts by professional talent.

Roberta Selter, Doris Klass Are Essay Winners

Take First and Second Prizes in Legion Auxiliary Contest

Roberta Selter has been announced as winner of first place and Doris Klass as winner of second place in the annual National Defense essay contest sponsored by the American Legion auxiliary here.

Their essays have been sent on to the district contest, and in the event they "place" there, will then be eligible for state and national competition.

The first prize of \$3 and the second prize of \$2 won by Miss Selter and Miss Klass in a "field" of 15 essay contestants will be presented to them at a meeting of the auxiliary some time in the near future, according to Mrs. L. J. Zimmerman, president. The presentation will be under the charge of Mrs. George Garland, national defense chairman of the Antioch auxiliary.

Last year an Antioch contestant, Howard Atwood, son of Mr. and Mrs. Charles Atwood, succeeded in reaching the national finals, and was awarded a \$10 prize for his essay.

A picture of the "National Defense Week" window display sponsored recently by the Antioch auxiliary has been sent to the national defense committee headquarters in Indianapolis. Prizes are to be awarded for the best defense week displays in various sections of the country.

The possibility of Antioch groups co-operating with churches in other parts of Lake county in providing entertainment for enlisted men at Great Lakes naval training station will be discussed at a meeting of the auxiliary Friday evening.

Work for the Red Cross will also be discussed. Some of the auxiliary members have been knitting for the Red Cross, and the auxiliary is considering doing Red Cross sewing at meetings.

Reports were given on the pot-luck birthday dinner held Feb. 28, when Mrs. Margaret White, district director, from Fox Lake; Mrs. Mary Chase, department sergeant-at-arms; Mrs. Helen Heckinger, Waukegan, district sergeant-at-arms, and the station agent at the Soo line depot in Antioch and his wife were guests of honor.

Mrs. Zaira Cecchini Dies at Bluff Lake

Funeral services were held in St. Peter's church Saturday morning at 10 o'clock for Mrs. Zaira Cecchini, 73, who died Thursday noon at Bluff Lake, where she made her home with a sister, Mrs. Alex Micheli. Interment was in Grass Lake cemetery.

Mrs. Cecchini had been ill for some time. She was the widow of Charles Cecchini, who died about 4 years ago. Born in Lucca, Italy, she came to the United States as a young woman. For a time she lived in Chicago.

About 15 or 18 years ago, the Cecchinis came to Bluff Lake to live, and she had made her home there since.

Besides her sister, she is survived by nieces and nephews.

Sanford Eddy, Born in Township 79 Years Ago, Dies

The body of Sanford Eddy, 79, who died Monday at the home of his son, Ray Eddy, was taken to Chicago for burial following funeral services Wednesday at 2 p. m. in the Strang Funeral home. The Rev. W. C. Henslee officiated at the services.

Sanford Eddy was born in Antioch township and was the son of two of the region's pioneer settlers, William and Martha Eddy.

Firemen Enjoy Fish Fry at Mortensen's

Antioch firemen enjoyed a fish fry at Mortensen's restaurant following the business meeting held at the fire station Tuesday night.

The fish were sent here from Florida by Bill Rosing and George Garland who were vacationing in the flower state recently. They know how the firemen like fish, especially when so well prepared as they were Tuesday night—a la Mortensen.

Fish really grow big in Florida, and just to prove it, as well as the angling prowess of Rosing and Garland, the four "corpus delicti" sent here weighed 75 pounds.

THAT MEANS ALL OF US

Charles Rasch, Son of Randall Pioneers, Dies

Charles August Rasch, 73, died Sunday afternoon at the Burlington Memorial hospital where he had been a patient since Friday following injuries sustained Friday morning when the car he was driving was hit by a Soo Line freight train at the Jefferson street crossing of the Soo Line in Burlington. The injured man and his car were carried along the railroad track for a distance of two blocks before the train was stopped. Mr. Rasch sustained fractures of both legs, head and neck injuries and possible internal injuries.

Charles August Rasch was born October 20, 1867 in the township of Randall, the son of Christ and Wilhelm Rasch, pioneer settlers in Randall. His education was secured in the Randall school and he was married to Ida Wienke at the Wilmet Lutheran church on May 22, 1894. He was a farmer by occupation and spent the past fifty years at the farm he owned in Randall.

Mr. Rasch served as a Council member for the Peace Evangelical Lutheran church for several terms, and at the time of his death he was a director of the Kenosha County Fair board and a supervisor of the town board of Randall.

Mr. Rasch is survived by his wife, five sons, Fred, of Randall; Walter, Slades Corners; Elmer, Wilmet; Irving, Wilmet; Norman, Brighton; three daughters: Mrs. Carl Ganger, Wilmet; Mrs. Henry Leiting, Wilmet; and Mrs. Theodore Leiting, of Milwaukee. Twenty-one grandchildren, three brothers, John, of Milwaukee; Otto, Richmond; August, Twin Lakes, and one sister, Sister Lena Rasch of the Milwaukee hospital, also survive.

The remains were brought from the Schutte Undertaking parlors at Burlington to the home on Tuesday. Funeral services were held at the home at 1:30 on Wednesday and at two o'clock at the Peace Evangelical Lutheran church, with the Rev. R. P. Otto officiating. Burial will be in the Wilmet cemetery.

Mrs. Dorothy Goodwin Is Buried at Hickory

Interment in Union cemetery, Hickory, followed funeral services for Mrs. Dorothy Goodwin Monday afternoon in the Strang Funeral home. The Rev. S. E. Pollock officiated.

Mrs. Goodwin, who was 40, died in Lake County General hospital Friday night. She had been ill for a week following an operation.

Mrs. Goodwin had for the past two years been housekeeper at the Peter C. Toft farm on Highway 59.

She was born in Kansas, Dec. 30, 1900.

Surviving are her mother, Mrs. Medora Norcross, of Milwaukee, and two sons, Glenn Goodwin, who is employed on the Henry Grimm farm, and Morris, of Union Grove. Her second husband, Herman Becker, from whom she was later divorced, is believed to be living in Milwaukee.

Mr. and Mrs. Louis Nielsen, Mr. and Mrs. Ray Pregoner of Grass Lake, and Mr. and Mrs. Charles Holmes, Sr., of Indian Point, returned last week from their winter's vacation in Roseland and Miami, Florida.

The Grass Lake Parent Teacher association will hold a business meeting Friday, March 21, at 8 o'clock.

DON'T SHOOT! IT'S ILLEGAL; MAYOR CITES ORDINANCE

Persons who feel the impulse for a little target practice, regardless of the danger to other persons from stray bullets, would do well to peruse Section No. 6 in Ordinance No. 3 of the Antioch village statutes, Mayor George B. Bartlett points out.

Citing the near-accident when stray bullets passing through the offices of the Antioch Ford garage on Saturday, endangered the lives of William Rosing and Capt. L. D. Powles, Bartlett asks the co-operation of all residents and visitors in the village in enforcing the firearm ordinance.

Section 6 of Ordinance 3 reads as follows:

"No person shall fire or discharge any cannon, gun, fowling piece, pistol or firearms of any description, or fire, explode or set off any combustible or explosive material within the limits of the village without permission from the President, which permission shall limit the time and place for such firing and shall be subject to be revoked by the President or Village Board at any time after it is granted."

Annual Basketball Game at Winnebago Well Attended

That the annual Antioch-Winnebago town teams' basketball game is a real drawing card was proved by the audience of 400, including visitors from Manitowish, Neenah-Menasha, Berlin and Oshkosh, at the event, Friday evening in Winnebago. The score was 38 to 40 in favor of Winnebago at the close of a four-minute over-time period to play off a 36-36 tie.

Each of the two previous years in which the game was held (in Antioch last year and in Winnebago the previous winter), the games have ended in ties which have had to be played off.

After last Friday evening's game, the Antioch players were entertained by their Winnebago hosts at luncheon and "fish fries."

According to custom, they were overnight guests there, returning to Antioch Saturday morning.

Otto S. Klass Sponsors Weight-Guessing Contest

Six pairs of Oshkosh B'Gosh overalls will be won by the six persons (adults) most closely estimating the correct weight of a bag of sand hanging in his show window. Otto S. Klass announces in an advertisement in this issue of the Antioch News.

Entry blanks and rules for the contest, which opens March 17 and ends March 29, will be found in the advertisement.

The bag of sand will be officially weighed in at 9 p. m. Saturday, March 29.

Lions See Dr. Jensen's Movies of Mexican Trip

Pictures of bull fights were among the many interesting scenes in movies taken by Dr. G. W. Jensen during his recent trip to Mexico and shown at a meeting of the Antioch Lions club Monday evening at the Roundup restaurant.

No business session was held, but an excellent dinner was enjoyed previous to the program.

Donald Bratrude, son of Dr. and Mrs. A. P. Bratrude is ill with the flu this week.

Freight Cars Go Off Track; Trains Delayed

"Wreck" on Milwaukee Road Holds up "Traffic" 7½ Hours

Nine trains on the Milwaukee Road, including the fast "Sioux," were inconvenienced when two cars on freight train No. 163 bound from Chicago to Milwaukee were de-railed Wednesday morning at 3 o'clock, between Long Lake and Fox Lake.

No one on the freight train, of which Dean Healy was conductor, was hurt. The de-railment occurred, according to "Bud" Oskins, station agent at Fox Lake, when a draw-bar dropped. The twelfth car in the freight ran over the draw bar and off the tracks, and the thirteenth car was also de-railed. The locking of the automatic air-brakes on the train, when the connection was thus broken, kept the other cars on the tracks.

A wrecker sent out from Chicago succeeded in clearing the road, which is a "single track," by 10:30 a. m.

Passengers on the first morning train from Fox Lake to Chicago were taken down to the wreck, which was about a quarter of a mile west of Long Lake and four and a half miles out of Fox Lake, and after a two-block walk were put on a train which came out from Chicago to meet them.

Commuters and Chicago-bound shoppers taking the later trains were obliged to wait until the tracks were cleared, when their trains went through.

The Sioux (officially known as Train No. 22) had meanwhile been re-routed from Janesville and around by way of Sturtevant, Wis., into Chicago.

Van Patten Funeral Rites Held Friday

J. H. Van Patten, Long Ill, Passes Away at Age of 78

Jacob H. Van Patten, age 78, died Tuesday morning at 10:30 o'clock, after a prolonged period of failing health.

Mr. Van Patten was born in Hickory, Illinois, Jan. 23, 1863, and was united in marriage with Emily Kenough July 2, 1910. Mrs. Van Patten came to this country from the Isle of Man. The couple made their residence on the Van Patten farm and later moved to the village.

Besides his wife, Emily Van Patten, he is survived by two children, Evelyn and Arden; two brothers, Charles, now residing in Florida, and Homer of Almena, Kansas; also nephews and cousins residing in and about Antioch and Deloit, Wis.

Funeral services will be held Friday afternoon at 2:00 p. m. in the Strang Funeral home, with interment in the Hillside cemetery.

The Rev. S. E. Pollock will officiate.

Auxiliary Presents "Constitution" To Antioch Library

A beautifully framed Constitution of the United States now hangs in the Antioch Township Library, the gift of the American Legion Auxiliary. The presentation was made by Mrs. L. John Zimmerman and Mrs. Frank Harden, president and vice-president, respectively, of the Auxiliary, at the last meeting of the Library board held Feb. 27.

Hendee to Speak on "Taxes" at Civic Club Dinner Meeting Mar. 17

"Your taxes" is the subject upon which Lew Hendee, Lake county clerk for many years, will speak at an open dinner meeting of the Antioch Men's Civic club Monday evening, March 17, in the Ball hotel.

The dinner will be served at 7 o'clock, and a charge of 50 cents a plate will be made. Attendance at the dinner as well as at the lecture is open to the public.

Hendee will discuss the present system of taxation and methods that may be employed in raising or lowering taxes.

Billions for Nothing

One of the stock alibis for our enormous Federal debt is that much of the money has gone to create valuable assets—that, in other words, it has been invested in things which will pay out in the future.

That makes a good story until you go beneath the surface. There is no denying the fact that the Federal debt has increased over \$24,000,000,000 in the past few years. The National Economy League now publishes a statement showing that only \$3,336,000,000, or 13.4 per cent of that vast sum, was spent for purposes which increases the nation's assets. The rest of the money has disappeared, leaving behind it only a gigantic burden for the taxpayers of today and tomorrow to meet.

This shouldn't surprise anyone who has given even passing attention to the financial conduct of the Federal government in recent years. Billions of dollars have been appropriated for relief, to be spent as soon as received by the beneficiaries. This money created nothing permanent. Other billions have been spent for pump priming projects which didn't work, and created little save havoc. Still more billions have gone for farm relief schemes which lapsed. And so it goes, down the long and tragic list.

This country has spent all those billions and about all it has gained is the knowledge that you can't spend yourself into prosperity any more than you can drink yourself sober. And now, if the spenders have their way, more billions will be spent in an identical manner, thus throwing good money after bad. Is it any wonder that the principal factor which is holding us back today

is fear and uncertainty as to what the future will bring?

Santa Claus Unmasked

Current plans now call for raising \$1,000,000,000 or more per year through new taxes and increases in existing taxes. And this is but a start—we can't build and maintain a twenty or thirty billion dollar military defense establishment on deficits.

The next inescapable step will be to assess direct taxes against a large proportion of our population. That has already been done to a minor extent, through reductions in Federal income tax exemptions approved by the last Congress. The new Congress will have to go to much greater lengths in this direction to raise needed revenue.

The old theory that we can support the government, no matter how costly it is, by the easy expedient of soaking the rich, is at last exposed. The rich—and this goes for industries, no less than for individuals—have about reached the limit of their ability to pay, without bringing business to a standstill. New revenue, in large amounts, can be raised now only by going after those whose incomes fall in the middle and lower brackets.

This will give millions of people their first real and personal knowledge of the stake they have in government spending and government debts. It will show them who, in the long run, Santa Claus is, and why thrift in government is as indispensable as thrift in the home. Indirect taxation, no matter how heavy, is hidden from, and unknown to a majority of the people. It is direct taxation that hurts. When you get a statement from the Bureau of Internal Revenue telling you to remit five or ten or fifty dollars you begin to understand that your interest in the cost of government is just as real as your interest in the cost of groceries or rent or clothes.

We are to have taxation on a scale we never dreamed of. The shock will be good for us. We will take a new interest in "our" government as we learn that we are Santa Claus.

THE LORD'S SUPPER

LESSON TEXT—Luke 22:14-30.
GOLDEN TEXT—As often as ye eat this bread, and drink this cup, ye show the Lord's death till he come.—1 Corinthians 11:26.

Old things pass away, and new things take their place—such seems to be the law of life. That which is useful and greatly desired fulfills its time of service and is set aside for that which takes its place. The change which occurred in our lesson shared this aspect, but was in reality so vital and fundamental that it merits our closest attention.

The Passover feast had (since that great and awful night of Israel's redemption out of Egypt's bondage) pointed forward to the Christ and His cross as the fulfillment of the type of redemption by the shedding of blood. But now the hour had come for Him to give Himself in death, and He set aside the Passover (because it has been fulfilled) to establish the great Christian feast of remembrance—the Lord's table, showing forth His death till He come.

I. The Last Passover (vv. 14-18). Our Lord looked forward with intense desire to the Passover which He now observed with His disciples, for it was the last feast of that kind recognized by God. All that it had foreshadowed of deliverance and hope was fulfilled in Him who now sat at the head of the table. He had moved forward with resolute purpose and desire to the day when His mission on earth was to be accomplished, and He was to become our Passover (1 Cor. 5:7).

The fact that He had looked forward to it with desire does not in any sense minimize the deep darkness of either Gethsemane or Calvary. Remember that hour and thought of the possibility of the cup being taken from Him. He said to the Father, "Not what I will, but what thou wilt." Praying concerning the same matter (in John 12:27), He said, "Now is my soul troubled; and what shall I say? Father, save me from this hour; but for this cause came I unto this hour."

II. The First Communion (vv. 19, 20).

Taking the unleavened bread and the unforgotten wine of the Passover, which had just been observed by Him for the last time, Jesus established a new feast, the Christian feast of remembrance, which we call communion or the Lord's table.

As we have already suggested, it is a feast of remembrance. "For as often as ye eat this bread, and drink this cup ye do show the Lord's death till he come" (1 Cor. 11:26). At the Lord's table His followers find spiritual strength in remembering His death for them, and they also find joy as they remember that He is to come again. In doing so they testify to the world that they believe in and cherish these truths.

This feast is also rightly called "communion," for down through the ages, and until He does come the saints of God have at His table sweet communion, first of all with Him; and then with one another.

We also note that our Lord spoke of the cup as "my blood of the new testament." The word "testament" means "covenant." The Lord's table therefore speaks of our allegiance to Him, of our loyalty to our Lord, and our devotion to His service. The Christian Church therefore speaks of the communion service as a sacrament, a word taken from the Latin "sacramentum," meaning oath, and essentially an oath of allegiance.

III. Betrayal and Strife (vv. 21-30).

Someone will say, "That point does not belong with the other two. Both the feast of the Passover and the Lord's Supper are for the joyful remembrance of deliverance and redemption." The objection is well taken except for one thing—we are dealing with human beings as they are, not as they should be and could be by the grace of God.

Here in the inner circle of the twelve there was one traitor. It seems impossible, but apparently Judas had maintained such outward conduct as to turn no suspicion in his direction, even though all along he had in his heart the blackest of treachery against his Lord. It is a sad and soul-searching fact which is here revealed, that it is possible for one to make a high profession of faith in Christ and even so to live as to give no cause for criticism, and yet to be unregenerate and in fact the enemy of Christ.

What about the strife regarding position? Shame on us, for it still goes on in the church. Not even the remembrance of our Lord's death and the reminder that He is coming again is enough to keep men from wanting to be greatest.

May the spirit of Christ get hold of some self-seeking Christian as he today sees Christ as the One whose body was broken and whose blood was shed for him.

City Boy Turns Farmer— Brings in the Harvest

DEARBORN, MICH. — He's gained in weight, this Michigan boy. He and 129 other lads from big city streets have averaged a weight gain of 13 pounds by working from spring to fall under healthful conditions.

They have just got in another harvest at Camps Legion and Willow Run and are figuring up the profits on their season's work.

In these two camps Henry Ford has been providing a special opportunity for a certain group of underprivileged boys.

These boys for the most part are selected from applicants who are the sons of men who served our country in the army or navy during the last great war. Ill health or death among these veterans leaves their families in difficult circumstances.

Mr. Ford wanted to help these families by giving boys of 17, 18 and 19 years of age belonging to them, an opportunity to make more of their lives.

Ever since the frost left the ground last April these lads have been working two 320-acre tracts of farm land which

he provided for them. When the last of the produce is sold there will be approximately \$18,000 in earnings to be split in equal shares among the 130 youths, the director of the camps estimates. This will be in addition to the two dollars a day, plus food and lodging each boy received throughout the season.

At camp the boys learn teamwork and self-reliance. Each camp is governed by the boys themselves. They elect a camp leader, keep their own books, market their own produce through roadside stands and wholesale channels.

Now that the season has ended, the boys are free to do anything they wish, but they are offered an opportunity to enroll in the school system at the Rouge plant, or to do plant work at regular salaries.

In starting the camps, Mr. Ford acted in the belief that it is up to business men and industrialists to accept as a social responsibility the problems facing boys who found themselves, through no fault of their own, at loose ends.

Uniforms in Japan
Schoolboys in Japan wear either army or navy uniforms, with school buttons, but army and navy uniforms are seldom seen on the streets.

Horses Not Born White
Horses are seldom white at birth. They may be born gray and as they grow older turn white. Circus horses are usually Arabian horses. Gray is common in this breed.

Cigar Capital of World
Tampa, Fla., is called the cigar capital of the world. The Cuban section of the city is lined with shops and cigar factories, and over 1,500,000 Havana cigars are made daily.

Bobber for Night Fishing
John Schott of Scranton, Pa., has invented a bobber for night fishing, declares the American magazine. It flashes when a fish is hooked.

Most Unusual Animal
The duckbill of Australia is sometimes referred to as the strangest of all animals. It has a beak and weblike feet like a duck, but is covered with hair and feeds its young on milk. The male duckbill is the only poisonous mammal in the world.

Safest Large Industry
The safest large industry in the United States is the rubber industry, according to the National Safety Council. The frequency rate of accidents in this industry is 0.02 or 43 per cent below the average for all industries.

Pure Religion
The Bible defines pure religion, according to James, 1:27: "Pure religion and undefiled before God and the Father is this: To visit the fatherless and widows in their affliction, and to keep himself unstained from the world."

Trend of Skiing Popularity
A good idea of the increase in popularity of skiing as a week-end sport is furnished in statistics of the Canadian Pacific railway. The railroad's first special ski train, inaugurated in 1923, carried less than 100 enthusiasts. In the 1940 season more than 145,000 skiers took advantage of the services.

Population of Germany
A recent census shows that the population of Germany is 79,600,000 not including Memelland or the protectorate of Bohemia - Moravia. There are 38,000,000 males and 40,800,000 females.

Wear Earrings
In Tibet earrings are worn by people of all classes, because of the widespread belief that a person whose ear lobes are not pierced will be reborn in the next life as a donkey.

Eight Balls of Fire and how they can travel!

If you like fireworks, and who doesn't, it's really too bad you can't see what goes on inside that sparkling big Buick FIREBALL eight that romps you so easily down the broad highway.

There you'd see eight busy cylinders, with pistons flashing up and down...

You'd see each fuel charge packed tight into a tiny bundle shaped like a flattened ball...

You'd see the spark leap, the flame spread, the piston thrust down with extra force as each furious fireball lets go its pent-up wallop.

You'd see all this happening as fast as thirty times a second in each of those eight cylinders—and we think you'd understand then just why there's such a special and exciting satisfaction in the way a Buick travels.

Gasoline gives up more of its power when it's packed as tightly as it is here.

CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 9.

The Golden Text was, "Beloved, now are we the sons of God, and it doth not yet appear what we shall be: but we know that, when he shall appear, we shall be like him; for we shall see him as he is" (1 John 3:2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, the kingdom of God cometh not with observation: Neither shall they say, Lo here! or, Lo there! for, behold, the kingdom of God is within you" (Luke 17:20, 21).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When speaking of God's children, not the children of men, Jesus said, 'The kingdom of God is within you'; that is, Truth and Love reign in the real man, showing that man in God's image is unfallen and eternal. Jesus taught in Science the perfect man, who appeared to him where slumbering mortal man appears to mortals. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick" (p. 470).

Small-Sized Turkey

Within the next five years the new small-sized turkey will be on the market, government experts predict. The desired characteristics will be fixed in the new small-type turkey by that time, they say. If they succeed, the small-type turkey will be white, with a compact body, short legs, a long keel bone and plenty of breast meat. It would mature in 24 to 26 weeks, the young hens weighing 6½ to 9 pounds dressed and the young toms between 11 and 15½ pounds dressed.

Tropics Do Affect Man

When what appeared to be a huge balloon floating over Salamanca, New Guinea, was sighted recently, a local resident chartered an airplane and armed with a shotgun started out to bring it down. At 13,000 feet, however, the plane lost sight of the balloon behind a cloud bank. In the meantime, an amateur astronomer with a telescope had been able to identify it as the planet Venus.

Paint Is Economical

It is the poorest sort of economy to let equipment and buildings run down for the purpose of saving on paint bills, according to paint authorities. Paint not only adds many years to the life of the property, they say, but newly applied paint in the proper colors increases natural illumination. This, in turn, eliminates eyestrain, speeds up production and adds to the physical safety of the employees.

'Ain't No Bogey Man'

An ingenious young mother perpetrated this trick upon her two youngsters who were afraid of the dark. She bought some small paper stars, coated with a luminous paint, that glow when the light is out. These were pasted on the ceiling of the children's bedroom. And now, instead of suffering from fear, the children grow drowsy watching the glowing stars at night.

Land Measured by Walking

Back in 1737, land in Pennsylvania was measured by how far a man could walk. The Proprietors of Pennsylvania obtained from the Delaware Indians a grant of land extending into the back country as far as a man could walk in a day and a half. Three fast walkers were hired who covered about 65 miles.

Mr. and Mrs. G. P. Manzer, Mrs. Al Boehm and Mrs. Carl Wallner visited Mrs. Inez Manzer and Mrs. Dalrymple at Rockford last Monday.

Amusing Adventures Are Told in '41 Class Play

When Mary Roberts Rinehart's "Tish" stories first appeared in the Saturday Evening Post they were accorded such acclaim that the gifted novelist was obliged to write an entire series with the amusing "Tish" as the central figure.

Now Alice Chadwick has adapted these stories for the theatre and has turned them into a gay and joyous modern comedy. The play will be presented April 3 and 4 in the Antioch Township High School auditorium under the auspices of the Senior class of 1941.

"Tish" is the perennial spinster, loves adventure and always manages to get herself and her friends into a peck of trouble. Together with her boon companions, Aggie and Lizzie, she experiences a variety of thrills and embarks on many strange adventures. Miss Chadwick has had access to all of the Mary Roberts Rinehart stories of "Tish" and studied them diligently before making her own special dramatization. The result is a play that is crowded with laughter and is expected to figuratively "roll the audience in the aisles."

A double cast chosen from members of the Senior class is rehearsing and preparing for the performance under the able direction of the dramatics instructor, Mrs. Marguerite K. Phillips.

Mr. and Mrs. William Meyers entertained the Cornhusker Malget family Sunday, the occasion being the birthday of their daughter, Blanche, and Mrs. Malget.

Mrs. Martin Busscher of Channel Lake entertained Mr. and Mrs. J. Pencum of Chicago over the week-end.

Mr. and Mrs. William Rosing and Mr. and Mrs. George Garland and little daughter, Sue, returned last week from a month's vacation trip to Florida.

P. T. A. TO BUY SLIDE FOR GRADE SCHOOL CHILDREN

Viggo Bobvjerg Is Speaker at the Annual "Men's Night" Meeting

The purchase of a portable seven-foot-by-14-foot slide for the use of the smaller children at Antioch Grade School was voted at a "Men's Night" meeting of the Grade School Parent-Teacher association Monday evening in the school.

It was also announced at this time that the annual Men's card party, planned previously for March 24, will be deferred until Monday evening, March 31, because of a P. T. A. council meeting scheduled for the 24th.

Accomplishments for the good of humanity, rather than for selfish interests and purposes, are those which are most apt to bring lasting happiness, Viggo Bobvjerg, well known educator, told the gathering. For this, his third speaking appearance in Antioch, Bobvjerg chose as his general subject "Creating Attitudes and Opening Avenues to Happiness"—the P. T. A. study theme for the year.

Several selections were played by the school band.

Robert Wilton was acting president for the evening, Ed Carney was acting secretary and Wallace McIntyre treasurer.

Committees in charge of the program and refreshments included: Cleve Vos, chairman; Roman Vos, Elmer Hunter, Henry Rentner and Joseph Patrovsky.

The Observer

We were reading a poem in a magazine the other day about how a wife was going to rebel against her hubby's custom of saving up items from the paper to read to her, but it ain't gonna stop us any from passing this one on to you:

Byrl F. Parks lives at the home of Mr. and Mrs. Carl A. Parks, but he's no relation. While clarifying the idea for a reporter this morning Mrs. Parks added that she has looked upon Byrl as a son, however, ever since he moved into the house four years ago after becoming acquainted with the Parks' son, Evan, his fellow-worker at the American Can company.

Evan left shortly afterward for San Francisco, and was married. Byrl stayed on at the homestead until he was called, two weeks ago, to Fort Sheridan. Now stationed at Presidio, San Francisco, he sent word today that he has just visited Mr. and Mrs. Evan Parks.

"I can understand your confusion," Mrs. Parks said this morning, "but it's nothing compared to the baffled look on the census taker's face when I tried to straighten it out for him."

—From a Waukegan paper.

Miss Edith Colegrove, who lives on Highway 173 just east of Bean Hill, stopped in at the News office today for a visit. Although she will be 80 in August, Miss Colegrove twice a week walks to Antioch and back (a distance of three miles each way) to do her shopping. "Oh, I don't mind the walk," she says, "and besides, lots of people recognize me and give me rides." Slender and active, her appearance belies her years, and her energy draws many comments of admiration from persons who see her on her twice-a-week shopping jaunts.

Dr. G. W. Jensen deposes and says that on Tuesday of this week he was an eye witness to the first sign of spring, and he didn't mean he saw a robin. Doc saw two fishermen angling from the Squaw creek bridge, and he says they were really fishing. That's authentic as a first sign, according to the Dr., for when fishermen start pluggin' wherever they can find holes in the ice, that must be the real McCoy among all the so-called first signs of spring.

Add forgotten men: Captain Elliott Roosevelt.

One of the principal things wrong with American home life seems to be that there is a meeting held every night somewhere to determine what is wrong with it, with all the parents expected to attend.

Friends and fans who have been egging on their respective bowling "champs" have finally succeeded in having a match game arranged for March 23 between "Mike the Iceman" Britton and R. G. "Bird" Holtz, it is reported. The game will be bowled in the Antioch Recreation alleys, and is expected to draw something of a "gallery."

"Don't do your shooting around the village limits!" is the prayerful request of Antioch village officials, after William "Bill" Rosing and Capt. L. D. Powles were just missed by two .22 caliber bullets that whizzed through the offices of the Antioch Ford garage in a north-to-south direction Saturday. The bullets are believed to have been fired by marksmen who were shooting at sparrows, in the vicinity of the Antioch Lumber and Coal company. Pointing out the fact that a bullet from a .22 rifle may have a range of nearly a mile, Marshal William Thiemann and Mayor George B. Bartlett have asked that especial care be taken in the handling of firearms in or near the village, in order that there may be no necessity for prosecuting offenders. . . . and also so there will be no more accidents, such as that in which Powles and Rosing missed being victims, by a margin of inches.

It takes a lot of polse to drive down the village's main drag at noon, with the horn "stuck" on your automobile . . . and an appreciative audience of sidewalk onlookers who are expecting a wedding procession, or an ambulance or law enforcing squad AT LEAST . . . but the lady who found herself in that predicament this noon done it nobly . . . with a smile.

Looks like summer was coming sometime, anyway, in spite of the snow, etc., etc. Annahow, quite a lot of folks dropped out to Antioch from the "big cities" Sunday. There just WEREN'T any parking spaces left up and down the main business section—and folks in a hurry found they practically couldn't get from anywhere to anywhere acc't of the press of people on sidewalks and the procession of automobiles in the street. Refreshment emporiums were kept busy trying to serve the hungry and thirsty.

The News had request today from the Chamber of Commerce in a nearby city for "500 folders regarding the 'Chain of Lakes' area." "We have many calls for a pamphlet of this nature from people interested in making

this area their vacation spot," the letter said.

Well, there you are . . . and that is only one of many such requests received by the News the year around. What shall the News tell the Chamber of Commerce secretary? There is no supply of folders in this community, and has not been for several years. The News turns out annually many thousands of pieces of advertising for other nearby communities . . . and nobody has to weep his heart out selling the mite idea. . . . They're just plain smart and progressive . . . but they have nothing Antioch and community hasn't got . . . except, perhaps, initiative.

Wolves Most Devoted
Wolves are probably the most devoted parents of the animal kingdom, and the male often proves his devotion with an almost human intelligence, according to an article in Natural History. If a hunter appears near the den where the female wolf is guarding her cubs, the male has been known to show himself deliberately to his enemy, howl to make sure he has been spotted and then lead the hunter away from the den.

Nassau, Capital of Bahamas
Nassau, capital city of the Bahamas, was named after William III, prince of Orange, by acts passed in 1695 by the lord proprietors. These acts authorized the building of a city and forts to replace those destroyed by the Spaniards in 1684.

Home Training Helps Build Citizens of the Future

BY GARRY CLEVELAND MYERS, Ph.D.

Citizenship does not consist alone of holding property rights and privilege to vote and be elected to an office. Such are relatively minor parts of citizenship. For such, at best, long years of good training are necessary and this training begins at home.

Yes; citizenship begins at home and the home determines primarily the quality of citizenship it will be in the larger social order.

The first essential is a pair of parents who are worthy citizens, therefore persons of good character and ideals; a pair of parents, moreover, who understand the child and guide him to gain good habits and ideals.

Beginning with the baby, these parents train the growing child in self-reliance and responsibility. They cultivate in him a deep regard for the rights of others.

Being trained at home for good citizenship, the child learns the meaning of NO. He learns there are certain things he must not do even long before he knows the reason why, but which forbidding eventually will seem reasonable to him. He also learns there are certain things he must do and that their doing can make him and others happy. In a home of understanding, sympathy and security—in a home where everybody really loves everybody else—he learns to be trusted.

Others can count on his word and depend upon him. The clerks in the stores speak well of him, so do the neighbors, so do the teachers at school.

He learns to share in the responsibilities of the home and do some things there to help, even some drudgery.

He does not have nearly all his wishes satisfied. He learns if denial and self-sacrifice. He is not given too many things or too much money but he learns to appreciate the value of those things which he has. He learns to be careful in his home, and of other people's property.

He learns to handle money wisely. He learns to wait and defer to others, especially to people older than himself. He gains the spirit of "after you" and acquires good manners. In the last analysis, good manners typify consideration of the rights of others. They are dampers to our selfishness.

When he makes a promise he will keep it. When he assumes a responsibility he will carry it through to the best of his ability. His first concern is not about himself. He tries to think of others and their welfare. He is growing into healthy citizenship.

Lenten Meals

Lenten meals will be delightful if you follow today's recipe suggestions for egg and cheese dishes. There are cheese rolls, You'll like the cheese, flavor combined with well-chosen seasonings, egg and crumbs to make the individual rolls.

Individual Cheese Rolls

1 cup mushrooms, finely chopped
2 teaspoons finely chopped onion
2 tablespoons butter
2 tablespoons flour
1/2 cup milk
1 1/2 teaspoons salt
1/4 teaspoon dry mustard
Dash of pepper
Few grains cayenne pepper
1 1/2 teaspoons worcestershire sauce
2 cups shredded American cheese
3 hard, cooked eggs finely chopped
1 cup fine dry bread crumbs
Cook mushrooms and onion in 1 tablespoon butter until light brown. Melt remaining butter in sauce pan, add flour and stir until smooth. Add milk gradually, and cook until mixture thickens, stirring constantly. Add salt, mustard, pepper, cayenne, worcestershire sauce and cheese; mix thoroughly, and cook until cheese melts. Combine mushroom-onion mixture, cheese sauce, eggs and crumbs; mix well. Shape into 12 finger length rolls. Place on a baking sheet and broil about 5 inches below heat until tops are delicately browned. Makes 6 servings.

Egg Cutlets

3 tablespoons butter
4 tablespoons flour
1 cup milk
1/2 teaspoon salt
1/2 teaspoon paprika
1/4 teaspoon pepper
1 teaspoon grated onion
1 teaspoon chopped parsley
Dash of nutmeg
8 hard cooked eggs
Bread crumbs, egg, flour
Make a sauce of the butter, flour and milk. Add seasonings and eggs, coarsely chopped. Cook. Shape into cutlets. Dip in flour, egg and crumbs and fry in deep fat (385° to 390° F.). Insert a 2-inch piece of macaroni at one end. Serve with Bechamel sauce. Makes 8 cutlets.
To prepare Bechamel sauce, use your regular recipe for white sauce, substituting half chicken or meat stock and half cream for the milk.

Noodle Loaf or Ring

1 cup broken noodles
1 1/2 cups scalded milk
1 cup fine soft bread crumbs
1 package grated cheese (1 1/2 oz.)
1/4 cup butter
1 tablespoon chopped pimiento
1 tablespoon chopped parsley
1 tablespoon chopped onion
3 eggs, slightly beaten
1 teaspoon salt
Dash of cayenne
Cook noodles in boiling salted water. Drain. Do not rinse. Add remaining ingredients, and pour into well-greased pan. Set in a pan of hot water and bake at 350° F. for 45 minutes, or until firm. Serve hot from casserole.

Harmonious Pair

Cheese Souffle

1/4 cup butter
1/3 cup flour
1 teaspoon mustard
1/2 teaspoon salt
Speck of cayenne pepper
1 cup milk
1 cup, or 3 ounces grated, strong cheese
5 eggs
Make a white sauce of the butter, flour, mustard, salt, pepper and milk. Add cheese and remove the mixture from the heat.
Add egg yolks, beaten. Cool the mixture. Fold in the egg whites, beaten, until they are stiff but not dry. Pour the mixture into a buttered baking dish in a pan of water. Bake the mixture in a moderately slow oven (325° F.) for about 40 minutes.

Cranberry Cake

For that special dessert try this delicious cake recipe. Though actually a lemon cake with cranberry topping, the topping is colorful enough to make the name.

Ingredients—For the cake—
2 cups sifted flour
1 cup sugar
1/4 cup shortening
1/2 cup milk
1 egg
2 teaspoons baking powder
1 teaspoon lemon extract
1/4 teaspoon salt
For the topping:
2/3 cup jellied cranberry sauce
1/3 cup walnut meats
3 tablespoons sugar
1 teaspoon grated lemon rind, and
1/4 teaspoon each of cinnamon and nutmeg.

Directions: For the cake:
Cream shortening and sugar together, beating until light and fluffy. Beat egg and add to shortening-sugar mixture. Mix and sift dry ingredients and add alternately with the milk. Beat until batter is smooth, then add lemon extract and pour into greased cake pan. Spread with mixture of topping ingredients and bake for 50 minutes in moderate oven.

Washing Pots and Pans

Of all the many tasks connected with meal getting, perhaps the one least relished by the housewife is that of washing up the pots and pans. This job that has to be done two or three times a day has been the bane of home makers for generations. That is one reason the greasy pots and pans are always put off until the very end of the day.

While it is quite correct to save the pots and pans until the end because they would make the water too greasy for the other things, washing pots and pans need not be such a messy or distasteful task. To make the job easier you have to plan ahead. When food is removed from the various pots and pans, don't leave the grease in them to cool and harden. Pour the grease out while the pan is still hot. Then fill the container with hot, soapy water and let it stand until dishwashing time. If the water cools and the remaining grease hardens before washing time, heat for a few minutes, pour off, and wash in hot water. If a dish is hard to clean, use it and keep hands out of greasy part.

Torpedoes by Mouth

On some German destroyers, torpedoes are fired with the mouth, asserts Collier's. With his eyes at the range finder and his hands on the tube-aiming controls, the gunner merely has to blow into a "peashooter" to actuate the trigger.

Household Hints

Keep small objects such as buttons, marbles and pins off the floor and away from small children.

Hot sweetened fresh apple, prune or apricot sauce is good with hot corn bread, muffins or pancakes.

Good way to keep the kitchen table clean while cooking and baking is to keep a shallow pan or utility trap on your work table to hold spoons, measuring cups, knives, etc.

In setting table for guests allow 24 to 36 inches of space for each person if you want them to be comfortably seated.

If your family is a "sweet tooth" one, you can agreeably surprise them by putting a teaspoon of honey into each cored apple before baking.

SURRENDER: Prelude to Peace

Nazi soldiers marched into Bulgaria. They were not opposed. Bulgarian officials who earlier talked bravely, but took no steps to prepare the nation for resistance, capitulated to Berlin's demands when the final test came.

Hundreds of thousands of Germans poured across the border in 48 hours. Panzer divisions raced across roads and took positions on the borders of Turkey and Greece. They supplanted officials known to be unsympathetic to their cause, rationed food, directed transportation, and virtually placed the whole nation under German military law and economy. Secret police followed close behind to round up those who loved their country too well for German interests.

Berlin announced the occupation as a great military victory, although not a shot had been fired. But the action did have a strangely familiar ring. It paralleled closely the Nazi pattern that brought the downfall of many other European nations where officials had been induced to visit Munich to "guarantee peace."

Fascism had come to Bulgaria, ruled by King Boris, from within, long before it had been compelled by force of arms without. Bulgaria was sold out, as many other brave but hesitant nations had been sold out—by those groups within its own borders who believed they stood to gain in influence, in prestige and in wealth if a Fascist form of government would be established.

They will be disillusioned, as other groups have been disillusioned in other once independent nations—in Austria, in Norway, in Denmark, in the Netherlands, in Spain, in France and even in Germany itself.

Drang Nach Osten

It is said no man lives unto himself alone; that his every action reflects on the life of his community and his nation. If that is true, then it is equally true that no nation lives to itself alone; that its policies reflect on its neighbors as well.

So it was with Bulgaria. The highways of Bulgaria lead to other frontiers and 300,000 conquest-seeking Germans rested on the borders of Greece and Turkey. The small Greek army had halted the first Axis move to the east by defeating superiorly equipped Italian soldiers. Turkey, allied to Britain, had stood as the guardian of the eastern Mediterranean. But these nations found

The hibernating bear of the North, Russia, began to show signs of alarm. Moscow sent a sharp rebuke to Bulgaria, denouncing the surrender. Significantly enough, no protest was made to Germany. Berlin shrugged off the Moscow statement, with the observation that Russia's attitude was only a defensive one, that its army was not equipped for offensive action. Therefore the protest was of no importance.

Adolf Hitler wasted no time while Turkey, Greece and Yugoslavia trembled. He quickly sent couriers to their capitals with offers of "peace." He said he had no designs on their territory. Turkey and Greece took small comfort from these assurances. They had seen the same kind of pledges given Poland, Czechoslovakia and other small countries that now have no way of life of their own.

Hitler seemed well along toward success of the old German ambition of drang nach Osten, drive to the east. To the east lies the riches of Asia—Egypt, Persia, Syria, India and East Africa.

NEW LABOR PLAN: By Executive Order

A new labor board to serve as a "supreme court" in disputes involving defense industries is in the making. It will be created by President Roosevelt by White House order and consist of 11 men, three to represent

WILLIAM S. KNUDSEN
He wanted 30 days before a strike.

the public and four each from labor and industry.

The board of non-salaried members would act only in cases where the labor department's conciliation service failed to make progress and be certified. It would have no power of compulsion but would be so constructed as to make mediation machinery possible.

Strikes

The President's decision was said to be caused by the 48-hour strike at the Buffalo plant of the Bethlehem Steel company. There 14,000 employees brought their work to a halt when the Steel Workers Organizing committee (C.I.O.) said the corporation failed to bargain with them. Picket lines surrounded the several miles of fence.

But the Office of Production Management in Washington quickly stepped in, without waiting for the labor department to get under way. William S. Knudsen and Sidney Hillman, OPM directors, offered a compromise plan of settlement which called for return of all workers with seniority protected, negotiations with the union and an NLRB election. Both sides accepted.

Meanwhile in Michigan the United Automobile Workers (C.I.O.) filed notice with the state of Michigan that it will call a strike at the three main plants of the Ford company. Notice of such intention is now necessary under Michigan law.

Knudsen Plan

Knudsen, in the meantime, wrote a memorandum to Representative Sumners (D., Texas), chairman of the house judiciary committee, which is considering changes in the national labor laws. Knudsen's plan would deny protection of the Wagner act to unions or employees considered recalcitrant. He proposed that strikes be forbidden in defense industries unless employees of a plant had given their consent by secret ballot, conducted under the supervision of the U. S. labor department. After such notice is served, he proposed the OMP be given 30 days to seek settlement.

Death—To one of the world's most renowned scientists, death came in the midst of new discoveries. It was revealed Sir Frederick was about to put into practice a new discovery in the field of aviation medicine which should be of great value.

When Lord Halifax, British ambassador to the United States, arrived at Annapolis, Md., President Roosevelt met his ship, setting a precedent. Not to be outdone, King George VI met the train which took the new U. S. ambassador to the Court of St. James, John C. Winant, to London. That also was a precedent.

A new Canadian minister was selected for the United States. He is 71-year-old Leighton G. McCarthy, Toronto industrialist. No stranger to the U. S., is Ambassador McCarthy, nor to President Roosevelt. Ambassador McCarthy has for several years been a director of the Warm Springs foundation.

BERMUDA: U. S. Control

Grumbling in the house of commons, in London, over the swap of Caribbean bases to the U. S. for 50 over-aged destroyers, has been forbidden to break into the open by Prime Minister Churchill. However, the wide authority given the U. S. in these areas is just beginning to become apparent.

Take Bermuda, for instance. There the U. S. has acquired about a tenth of the acreage of the tiny island. The chief hotel has been leased by the U. S. navy for its technicians. The hotel has no room for tourists. In another hotel, army engineers have set up. Marines have pitched a camp in still another spot.

In Washington, Rep. Carl Vinson (D., Tenn.), chairman of the house naval committee, disclosed the terms of the Bermuda lease, which are similar to the terms of leases at all other bases. They include: (1) The lease to run 99 years; with the United States granted the right, if necessary for defense, to assume "military control and conduct military operations within any part of Bermuda"; (2) other areas to be leased, if needed; (3) Americans to control ship and air operations and communications within leased areas; (4) Americans to have the right to improve anchorages near leased land bases and to install defenses; (5) Americans to have the same privilege as the British in the use of roads and bridges and the right to use British docks and shops.

INSURANCE:

Supervision Asked

Discussion of federal control of life insurance was heard in Washington before the joint senate-house committee investigating monopolies. Sumner T. Pike, representative of the Securities and Exchange commission, told the committee he believed the federal government should not supplant the states in control of insurance companies, but that a program of strengthening the state systems was desirable.

Senator O'Mahoney (D., Wyo.) said he opposed the idea. So did Representative Sumner (D., Texas) the vice chairman. Thurman Arnold, assistant attorney general in charge of the anti-trust division, said if the states cannot do the job "we might wake up after the war and find we have to take more drastic action than otherwise would be necessary."

MISCELLANY:

There now is \$14,000,000,000 in gold in the vaults of Fort Knox, Ky., the largest treasure ever assembled under one roof in the history of the world. The new total was reached when \$9,500,000,000 was transferred from vaults in New York. The pile of glittering bars is just about half of all the gold in the world.

Alec Templeton, blind pianist, petitioned an Illinois court for an accounting of his earnings, naming his parents and an attorney. He asked they be restrained from exercising management of his affairs. He alleged his parents, Andrew Bryson and Mrs. Sarah May Templeton, and their attorney had allotted him only \$100 monthly for expenses since 1930, during which time he earned \$200,000. He said he signed some papers which were read to him and some which he was advised it was not necessary for him to hear.

themselves in peril. Yugoslavia, through which better roads lead to Greece, was in the same situation.

All found themselves facing the choice of fighting against an efficient war machine or bowing to the will of Britain. None had much hope for success if they fought. All looked to England for help, but the problem of sending such assistance was monumental. The Germans had available 20 divisions for use in the Balkans. The only British force competent to deal with such numbers was in North Africa.

Whether the British had the means available to transport and land an expeditionary force was problematical. General Wavell's speedup campaign in Libya undoubtedly was to clean up that area quickly in the hope of using his troops in the Balkans. The factor of time and space in such a movement, however, seemed unsurmountable.

BERNIE'S PINMEN STOP GRASS LAKE MUDHENS

Bernie's Tavern Bowling team members are elated over their victory Thursday night over the Grass Lake Mudhens, 2754 to 2394, in a match game played at the Antioch Recreation. However, the local pinmen's joy may be of short duration, according to the "Hens" who are planning a return game in which they hope to more than reverse the score.

High score for single game went to Charley Haling, who rolled up 233 in the second game, and Chas. was the only man on the "Hens" team to reach 200. "Two hundred" men on Bernie's crew were Peterson (203), Stahmer (205), and Miller (201-204).

Former National Champs on Waukegan Mat Card

Two former national amateur wrestling champions who now as professionals are rated right up among the very top ten contenders for the world's heavyweight championship, will battle it out beneath the bright lights of the Waukegan High school gymnasium, Friday night, March 21, in the main event of an all-star, all professional heavyweight wrestling program to be presented by the Loyal Order of the Moose lodge.

The principals in Lake County's second big time wrestling card of the 1941 season are Karol Krauser, mighty muscled Polish Adams of the mat, and Ralph "Ruffy" Silverstein, diminutive Hercules and uncrowned king of all the heavyweights.
